Mechanical Repair, Bluing & Refinishing Notes

Rust, Pitting, and Neglect: Firearms that have heavy rust, pitting, or those showing signs of neglect are subject to additional fees.

Engraving: ▪ Firearms with heavy pitting, rust, and neglect may require additional polishing that results in lost engraving. We do offer touch-up and re-engraving of factory patterns for the purpose of restoration. All engraving quotes will be given only upon visual inspection of the firearm ▪ Engraving quotes will not be delivered through e-mail or over the phone without prior inspection of an MGW gunsmith. ▪ Please do not send images of your engraving to us through e-mail, UPS, Fed-Ex, or The U.S.P.S, these images will be deleted or discarded. ▪ A gunsmith at our facility must have the firearm in his hand for an accurate quote to take place.

Triggers: Reblue, Case Color and any other metal refinishing does not include re-gold of trigger.
